Independent Auditors' Report

Report No.KNT&R-C2/0091/14

The Shareholders, Board of Commissioners, and Directors
PT ANABATIC TECHNOLOGIES

We have audited the consolidated statements of financial position of PT Anabatic Technologies (the "Company") and Subsidiaries (collectively referred to as the Group) as of December 31, 2013 and 2012, and the related consolidated statements of comprehensive income, consolidated statements of changes in equity, and consolidated statements of cash flows for the years then ended. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with auditing standards established by the Indonesian Institute of Certified Public Accountants. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of the Group as of December 31, 2013 and 2012, and the consolidated results of their operations, and their cash flows for the years then ended in conformity with financial accounting standards in Indonesia.
